## Hazopposaurus Rex

The extinction of the group facilitated HAZOP sessions?

*Annually many thousands of hours are spent reviewing and rereviewing the design of process installations. In this world of digitalization and automation, when does the drive for efficiency kill the effectiveness of a group facilitated session*

### Aspects to be discussed in an interactive setting

- What is the future of group facilitated sessions?
- How to increase efficiency while keeping effectiveness?
- Is full automation possible / desirable?
- How does the market perceive the issue?
